

Youth on Track is Expanding

Youth on Track is a voluntary early intervention scheme that identifies and responds to 10-17 year offenders at risk of long-term involvement in the criminal justice system.

Youth on Track has operated in the following three locations since 2013:

- **Blacktown** (Blacktown, Mount Druitt, & Quakers Hill police local area command)
- **Mid North Coast** (Mid North Coast & Manning Great Lakes LAC)
- **Hunter** (Port Stephens, Lake Macquarie, & Newcastle City LAC)

Due to the initial success of the scheme in reducing contact with police and criminogenic risk factors the NSW Government has funded Youth on Track for a further three years including expanding to the following three sites:

- **Central West** (Orana & Canobolas LAC)
- **New England** (Oxley & New England LAC)
- **Coffs** (Coffs Clarence LAC)
